I'm About To Come Alive

David Nail

I can hear you downstairs crying on the phone
Telling someone that I'm here but you still feel all alone
Maybe we were too young
Goodbye, I've gotta go
I can hear the baby waking up
Got to get back to the life I know

I should have never believed him
Maybe I should just leave him

Maybe I'm not but you're all I got left to believe in
Don't give up on me
I'm about to come alive
And I know that it's been hard
And it's been a long time coming
Don't give up on me
I'm about to come alive

No one thought I was good enough for you
Except for you
Don't let them be right
After all that we've been through
'Cause somewhere over that rainbow
There's a place for me
A place with you

In every frame upon our wall
Lies a face that's seen it all
Through ups and downs and then more downs
We helped each other off of the ground
No one knows what we've been through
Making it ain't making it without you
