

If You Walked Away

David Pomeranz

If you walked away from me today
I am sure that who you were going to
Would feel the way that I do
Baby it's you
Who fills up my life
And if you walked away from me today
Never to return until the journey
That you made had ended
I know you planned it
Just to fill up my life

Fill my life
Till now
No one's been able to show me how
To fill my life like you
You are the woman who taught me to

And if you walked away from me today
It wouldn't change a thing
I'd still be singing celebration of you
Baby you do
You fill up my life

Fill my life
Now I know
What it feels like to overflow
Until my life is through
All I'm here for is here for you

Fill my life
Now I see
What it feels like to be set free
Until my life is through
All I'm here for
Is here for you
Just for you
Only for you
Hey hey...oooo
