

# Until I Fall In Love Again

David Pomeranz

I know the path of love  
Is insecure, can't be sure  
There are no guarantees  
Will took a chance & I fell for her

And when she left  
I put my heart up on the shelf  
Swore I'd never fall again  
I told myself

Broken hearts are never mended  
Fools who say they are pretend it  
That's what I believe  
Until I fall in love again  
Love will always leave you cryin'  
Those who tell you're not a lyin'  
And that's what I believe  
Until I fall in love again

Ohh...

You found me lonely  
And you told me  
That you never leave  
And I was ready for a new love  
That I could believe

For when you left  
I put my heart up on the shelf  
Swore I'd never fall again  
I told myself

Broken hearts are never mended  
Fools who say they are pretend it  
That's what I believe  
Until I fall in love again  
Love will always leave you cryin'  
Those who tell you're not a lyin'  
And that's what I believe  
Until I fall in love again

I know that love is like a rose  
It lives, it dies  
It blooms, it grows  
I know I'm gonna try again  
I know I'm gonna try again

Broken hearts are never mended  
Fools who say they are pretend it  
That's what I believe  
Until I fall in love again  
Love will always leave you cryin'  
Those who tell you're not a lyin'  
And that's what I believe  
Until I fall in love again
