

# Jesus Was My Girl

David Usher

So he dies and I'm the joke  
A playdoh mask a million miles to go  
A suped up cock tease with a little twist  
When sex got ugly I'd insist  
Hear you'll empty all I've got  
Fucking's over but I can't stop cumming  
Still born dead or never born at all

When jesus was my girl  
She told me  
When jesus was my girl

It's impossible for me  
Harder even if I turn it over  
I'm not as pretty as I thought I'd be  
Another symptom of my damn disease  
Hear you've taken all I got  
Fucking's over but I just keep cumming  
Still born dead and never born at all

When jesus was my girl  
She told me  
When jesus was my girl  
When jesus was my girl  
She told me  
When jesus was my girl

I'm not as pretty as I thought I'd be  
Another symptom of my damn disease  
I'm not as pretty as I thought I'd be  
Another symptom of my damn disease  
I'm not as pretty as I thought I'd be  
Another symptom of my damn disease  
I'm not as pretty as I thought I'd be  
Another symptom of my damn disease

When jesus was my girl  
She told me  
When jesus was my girl  
When jesus was my girl  
She told me  
When jesus was my girl

I'm not as pretty as I thought I'd be  
Another symptom of my damn disease  
I'm not as pretty as I thought I'd be  
Another symptom of my damn disease  
I'm not as pretty as I thought I'd be  
Another symptom of my damn disease  
I'm not as pretty as I thought I'd be  
Another symptom of my damn disease  
I'm not as pretty as I thought I'd be  
Another symptom of my damn disease  
I'm not as pretty as I thought I'd be  
Another symptom of my damn disease
