

## Some People Say

David Usher

Still the snow keeps falling  
Till we can't keep out the cold  
But they don't know  
That my back was broken there  
I'm so numb i can hardly move  
You don't know

And so you give love too easily some people say

And i dreamt i was flying  
And i left you so far below  
Where i can't see  
When the world is crumbling  
It's so hard just to watch you bleed  
But you can't see

And so we give love too easily some people say

And my back was broken  
I'm so cold I can hardly breathe  
You can't see

Don't give up
