

Diagnosis

Dawn of Ashes

Medicate this violence rape my mind
Settle these voices that make me kill
No way to save me
No way to save me now

Never free
Never heal
Never free
Never free from myself

Can you help me?
Strapped down to this pain
Can you help me?
I don't want to live this way

Take this virus away
Tearing apart, against my ribcage
No way to save me
No way to save me now

Never free
Never heal
Never free
Never free from myself
