

Torture Device

Dawn of Ashes

Broken fingers, cut wrists
Violence within, embrace the bloody fist
so let's hear you scream
you're fucking dead

Torture with hate, torture be painful
torture device, torture with hate
torture be painful, torture device

bruised face, cracked skull
terror released, as your body turns cold
so let's hear you weep,
don't fuck with me

Torture with hate, torture be painful
torture device, torture with hate
torture be painful, torture device
