

I feel like Leonidas battle the Titans
Thousand soldiers against one sword
You a masterpiece of violence
But still I chose to dive in
Head first in the pit of your hole

I'm free falling down
Into your void
Shed my dark secrets
You sold them for gold
Crossed and forsaken
Hearts wither gold
Pledged my allegiance

We could've parted seas just
To walk on the floor of oceans, oh oh, oh oh
And your love could've built up armies
Of nation's unstoppable, oh oh, oh oh

You are like something righteous
Chariot almighty, a fortress filled with light
You were my eyes
And I could've shattered mountains
Standing on your shoulders
Alas you delivered a fatal blow

It's a tale of fated lovers
Against all odds
Facing the gods
Even though we were outnumbered
A million to one
We shouldn't have lost

We could've parted seas just
To walk on the floor of the floor of oceans, oh oh, oh oh
And your love could've built up armies
Of nation's unstoppable, oh oh, oh oh

We could've parted seas just
To walk on the floor of the floor of oceans, oh oh, oh oh
And your love could've built up armies
Of nation's unstoppable, oh oh, oh oh

Angel of mercy,
Please come for me
I wish I never bit from the fruit of his tree
Oh oh

We could've parted seas just
To walk on the floor of oceans, oh oh, oh oh
And your love could've built up armies
Of nation's unstoppable, oh oh, oh oh

We could've parted seas just
We could've parted seas just
And your love could've built up armies
And your love could've built up armies

We could've parted seas just
To walk on the floor of oceans, oh oh, oh oh
And your love could've built up armies
Of nation's unstoppable, oh oh, oh oh
