Blow

Dawn Richard

Get this Get this I get this I get this Get this Get this I get this I get this Come get this medicine Come take a dose of this Forget the smartest shit We taking all of this We making all these hits Getting closer to the top (That's why they try to stop, you can't stop, you can't) Them docs be talking shit D in the club like liquor You made my movement bigger Nobody does it bigger We gon' stay here longer We gon' be stronger We ain't going nowhere We 'bout to make this thing blow We gettin' closer They trying to hold us They think that they know us They think what they don't know they they they they its over But we are stronger I know they want us to let it go We about to blow We about to blow (That's why I can't let it, let it, let it) We about to blow All I wanted was you, was you, was you (Get this, I get this, I get this, I get this) I see the headlines I let you get your shine All while we up in the line Come to win this fight Nobody does it better We're making money quick We're taking in our figures They mad cause we the shit Nobody does it bigger We gon' stay here longer We gon' be stronger We ain't going nowhere We 'bout to make this thing blow We gettin' closer They trying to hold us They think that they know us They think what they don't know they they they they its over

But we are stronger I know they want us to let it go

We about to blow We about to blow (That's why I can't let it, let it, let it) We about to blow All I wanted was you, was you, was you (Get this, I get this, I get this, I get this) We about to show feeling in the air (If you feel it now)
