

Bombs

Dawn Richard

I go grenade
Y'all go grenada
I'm going mutant on these niggas
Cowabunga
Y'all throwin' shade
But I'm so summer
Bustin' this shit so you can call this here a come-up
Y'all bust for days
Big ass cojones
I'm from that Nolia so I'm stuntin lika a motha
Blind to the hate
So Stevie Wonder
Destined to be one of the greats
Just pick a number
(I'm bouta blow)
Boom like an atom bomb
(Bouta explode)
No where for you to run
(Bouta to let go)
Built like a loaded gun
(I'm bouta blow)
Detonator set, ticking bomb on deck like
Bombs away
Give me that boom boom bass
And watch a motherfucker lose his face
Bombs away
Said we ain't playing games
We kicking ass and then we taking names
Bombs away
Say hey what did you say
Bombs away
Say hey what did you say
Bombs away
Bomb, bomb, bomb, bomb, bomb, bomb
Bombs away
Bomb, bomb, bomb, bomb, bomb, bomb
Tough as a tank
Can't break this armor
Y'all play it safe
I play it harder
I'm such a beast
I'm on my Carter
Just feed me beats
And watch me eat up all y'all
Fresh off a leash
I'm such a monster
I never sleep
Been tuned on auto
I got that heat
Yo shit is colder
Give me some feet
I'm so explosive

(I'm bouta blow)
Boom like an atom bomb
(Bouta explode)
No where for you to run

(Bouta to let go)
Built like a loaded gun
(I'm bouta blow)
Detonator set, ticking bomb on deck like
Bombs away
Give me that boom boom bass
And watch a motherfucker lose his face
Bombs away
Said we ain't playing games
We kickin ass and then we taking names
Bombs away
Say hey what did you say
Bombs away
Say hey what did you say
Bombs away
Bomb, bomb, bomb, bomb, bomb, bomb
Bombs away
Bomb, bomb, bomb, bomb, bomb, bomb

We throwing bombs
We throwing bombs
We throwing bombs yea
Can't nobody touch us
Can't nobody
Can't nobody touch us
Can't nobody All bombs away
