

How I Get It

Dawn Richard

I'm in that HBA lingerie
All white, Midday just a matinee
Body tight, face right, mother fuckers they talking bout you
Fuck life, no lives, your niggas need to tell the the truth

Burn that stress
Drink that pain
Get It How I Get it
Hit that gear, Switch that lane
Get It How I Get It
See the way I'm running Don't ask how I did it
See the way I play that game
You prolly say they fixed it
Prolly say fuck what they say
What the fuck I gotta prove
Bitch I don't lose, No
Let me show how to move
Always on that brand new

Get it I get it
Get it how I get it
Get it how I get it
I Get it how I get it
I Get it I get it
Get it I get it

I'm about my eggs, No day to day
I move that thang, From state to state
Jeans tight, Green light, Mother fuckers they talking bout you
All me, All eyes, Your niggas need to tell the the truth

Burn that stress
Drink that pain
Get It How I Get it
Hit that gear, Switch that lane
Get It How I Get It
See the way I'm running Don't ask how I did it
See the way I play that game
You prolly say they fixed it
Prolly say fuck what they say
What the fuck I gotta prove
Bitch I don't lose, No
Let me show how to move
Always on that brand new

Get it I get it
Get it how I get it
Get it how I get it
I Get it how I get it
I Get it I get it
Get it I get it

Be like me come get yea
How you get yeah
Get it how I get it
Get it how I get it
