

If I Could

Dawn Richard

If I could I would
Fly away with you
If I could I would
Stop time just to be where you are
But I can't cause I belong to another man
& I wish I was with you but I'm still here
Maybe in another life
I could be yours and you can be mine
But until then all I can do is dream

If I could...
Shed the world for you
If I could...
Cross the water for you
If I could...
Give my all to you
If I could...
If I could...
From Paris to France
?? to Finland
I'll follow you wherever you go From Paris to France
?? to Finland
I'll follow you wherever you go

If I could I would...
Be your wife starting tonight
If I could I would...
Have your each other and that'll be over...
But I can't cause I belong to another man
& I wish I was with you but I'm still here
Maybe in another life
I could be yours and you can be mine
But until then all I can do is dream

If I could...
Shed the world for you
If I could...
Cross the water for you
If I could...
Give my all to you
If I could...
If I could...
From Paris to France
?? to Finland
I'll follow you wherever you go
From Paris to France
?? to Finland
I'll follow you wherever you go

I can imagine your lips
I can feel like your kiss
I-I wish things was different
I wish I could hold you
I wish I could hold you one time
I wish I could hold you
I wish I could hold you one time
I wish I could hold you

I wish I could hold you one time
I wish I could hold you
I wish I could hold you one time

If I could...
She'd the world for you
If I could...
Cross the water for you
If I could...
Give my all to you
If I could...
If I could...
