

Noir

Dawn Richard

I thought I lost it all
And I realize that tears will fall
From dark eyes that saw the lies they told
Dark eyes that saw the lies they told

I thought I lost it all
Walking in land of know-it-all
Was led by dreams that had no end at all
Just trying to find my way back home

Tryna find my way
Tryna find my way
Tryna find my way
Tryna find my way
