

Riot

Dawn Richard

Passion is the mob of the man
That commits a riot
Upon his reasons

Lets start a war
If they build a wall
Well tear it down
Burn it to the floor
Cant lock us out
Or keep us away

The smoke is in the ai-ir
The flames start to appear
Like bright lights every wher-re
Lets show that love is here

Lets start a riot
Give love a fighting chance
Its all or nothing
Well never let em turn us back
Lets start a ri-i-i-iot-ot
Lets start a ri-i-i-iot-i-i-iot
Lets start a ri-i-i-iot-ot
Lets start a ri-i-i-iot-i-i-iot

We've come to far
We watched them try to break us apart
But its in our hearts
I wont stop pushing
Til I'm where you are

The smoke is in the ai-ir
The flames start to appear
Like bright lights every wher-re
Lets show that love is here

Lets start a riot
Give love a fighting chance
Its all or nothing
Well never let em turn us back
Well never let em turn us
Lets start a ri-i-i-iot-ot
Lets start a ri-i-i-iot-i-i-iot
Lets start a ri-i-i-iot-ot
Lets start a ri-i-i-iot-i-i-iot

And when the scars all start to fade

It will be the love that stills remains

And when the scars all start to fade
It will be the love that still remains
Raise your arms and celebrate
In the end they'll know your name

Lets start a riot (repeat)
Give love a fighting chance

(You gotta give uh)
Its all or nothing
Well never let em turn us back
Lets start a ri-i-i-iot-ot
Lets start a ri-i-i-iot-i-i-iot
Lets start a ri-i-i-iot-ot
Lets start a ri-i-i-iot-i-i-iot

Lets start a riot
