

# Stuck On Mad

Dawn Richard

I had a dream last night  
Like you were playing me  
You said you are my man  
But you hurt me anyway  
I... on my mind  
Cause I just couldn't see  
I thought you love me more  
But now I am not too sure  
Baby never need it anyone  
I... with that man  
But now I am just stuck on man  
Baby never trusted anyone  
I got you... but now I am stuck on mad  
So... say yeah should we should we take it back  
I don't want your love like that  
We will be tripping but I am just...  
Cause I am busy being stuck on mad  
So... say yeah should we should we take it back  
I don't want your love like that  
We will be tripping but I am just...  
Cause I am busy being stuck on mad  
Stuck on mad stuck on mad

Now you are looking at me like I am too crazy  
But I opened my eyes and it was all a dream  
Now I am breaking my range and I... what is real  
I look at... I know I... but I got I gotta... more  
It was just my heart broken  
So ladies say yeah should we should we take it back  
I don't want your love like that  
We will be tripping but I am just...  
Cause I am busy being stuck on mad  
So... say yeah should we should we take it back  
I don't want your love like that  
We will be tripping but I am just...  
Cause I am busy being stuck on mad

Ladies can I talk to you for a minute  
If you ever been hurt  
If you ever been...  
This is for you  
Put your hands in the air  
Put your hands in the air  
We ain't taking this shit no more  
We are taking it back  
Put your hands in the air  
Put your hands in the air
