

# The Deep

Dawn Richard

Trying to save the little soul I have left  
I lost it in a poker game to the highest bid  
And if you ask me I'm not the type to play and quit  
And even though I lost the best of me it was worth it

I took it too the deep  
Cause there's no depth in these streams  
I took it to the deep  
Cause my heart doesn't swim in shallow creeks

Just the deep  
Just the deep

It's pride that changed angels to devils  
I guess that's why it's been hell trying to let go  
My heart is still like pebbles under my feet  
And your love is like the rivers running over me

Cause I took it to the deep  
Cause there's no depth in these streams  
Took it to the deep  
Cause my heart doesn't swim in shallow creeks

Just the deep  
Just the deep

To the deep  
To the deep
