

# Titans

Dawn Richard

We were titans eternally engraved  
We were lovers born against the grade  
Why would you wanna die if you can live with me?  
I can't make you stay

We were titans  
We were titans  
We were titans  
We were titans

I cannot make you stay  
I cannot even if you asked  
I cannot make you stay  
Stay, stay, stay
