# Train Wreck

**Dawn Richard**

The road seemed too long but we took the journey anyway
Moving too fast but we didn't want to hit the breaks,

We're movin, movin on a train
Goin', goin' miles away
Come home, come home
Saying bye to yesterday
We're running, running from the pain
Hopin' we don't go in insane

I heard the crash
I saw the fire
I held my chest
It was a mess
We tried to put back in
Our hearts were to deep in it
We had a train wreck
We had a train wreck
We couldn't prevent it x 3

Some love was long gone
But we still try to make a way
Heading the wrong direction
But goin' hard anyway
We should have stopped at the next stop
Before we had a head on collision

We're movin, movin on a train
Goin', goin' miles away
Come home, come home
Saying bye to yesterday
We're running, running from the pain
Hopin' we don't go in insane

I heard the crash
I saw the fire
I held my chest
It was mess
We tried to put back in
Our hearts were to deep in it
We had a train wreck
We had a train wreck
We couldn't prevent it x 3

Some love was long gone
But we still try to make a way
Ayyyyyyyyy
Ooooh Oh

We're movin, movin on a train
Goin', goin' miles away
Come home, come home
I'm saying bye to yesterday
We're running, running from the pain
Hopin' we don't go in insane

I heard the crash
