Dawn Richard

We on the edge  
Standing on a lifetime, we're fighting with no end game ahead  
What doesn't only live there is no less than we learned from it  
, damn  
We not into losing, we're more like that inner  
We're headed for the win

Hey, we're like the lion  
More like the mountain, we don't quit  
Hey, we get stronger  
Dance when it's harder  
We're warriors  
We're warriors  
We're warriors  
We're warriors

Fuck failing, I'm it  
Kings wear crowns for a reason and that right there's the road  
that we were in, eh  
They tried to tear us down by telling us if you want it that yo  
u gotta fake to win, damn  
We not into losing, our destiny we choosing, yeah  
We not into losing, we're more like that inner  
We're in it for the win

Hey, we're like the lion  
More like the mountain, we don't quit  
Hey, we get stronger  
Dance when it's harder  
We're warriors  
We're warriors  
We're warriors  
We're warriors
