

# Dying Alone

Dawnless

As you lay here on the ground  
Still and silent, among the trash  
Where no one hears you're silent screams

You may be starving in the streets  
No one knows  
There won't be no tears for your loss

Lost you  
Too late we've  
Lost you  
Never have we done a thing  
Now that we've  
Lost you  
Too late we've  
Lost you  
It's easy to sing about this  
Cuz I didn't help!

You've lived just to survive  
Always happy to share a Fire  
And to eat what you could get  
What people like us throw away

Lost you  
Too late we've  
Lost you  
Never have we done a thing  
Now that we've  
Lost you  
Too late we've  
Lost you  
It's easy to sing about this  
Cuz I didn't help!

Help! That's a word you knew  
But none of thoses that passed you by  
Hell is what you knew  
Welcome to paradise

Lost you  
Too late we've  
Lost you  
Never have we done a thing  
Now that we've  
Lost you  
Too late we've  
Lost you  
It's easy to sing about it  
Cuz I didn't help!

I hope you'll forgive me from where you stand  
I believe you're off the ground
