

Airplane

Day of Fire

It was the last chance to catch the last flight into your heart
I wanted so bad just to get there, woke up to late today to start

I've missed my chance so many times before,
Couldn't find the right keys knockin on the wrong door
Just to find myself alone in the night.

I wish I was an airplane, flying back in time to where you and
I had first met
Feelin high just knowin I could hold you again.
Even if it ended the same, I wish I was an airplane

With every heartbeat I feel the heartache of losing you
I need a new start and a new way of getting through
Those runway lights don't compromise, reminds of what I saw in
your eyes
The first time we met, on that San Antonio night

I wish I was an airplane, flying back in time to where you and
I had first met
Feelin high just knowin I could hold you again.
There was a fire inside no matter how we tried could not be quenched
Even if it ended the same, I wish I was an airplane

I know I need you now, your so far away, I'm blinded by the clouds.

I wish I was an airplane, flying back in time to where you and
I had first met
Feelin high just knowin I could hold you again.
I said it before and I'll say it again
Even if it ended the same, Even if it ended the same, If it ended the same
I wish I was an airplane
