

## Cut and Move

Day of Fire

Noticed the way you cut and move  
Kind of reminds me  
Of back in the day caught in my room  
Running from myself  
Digging for lights inside the hole of my heartache  
Lost in the way I shouldn't go  
Waiting for someone else to

Hey...yey...yey...yey...eee...yey...  
Show me the way out of this  
Hey...yey...yey...yey...eee...yey...  
Show me the way of this hole  
Show me the way out of this

Startled to wake up in the cold of denial  
Scratching to gain back some control  
of this twisted dream  
I hid from the light inside the home  
of my darkness  
The voice through the door said I alone  
Hold the key to your peace

Hey...yey...yey...yey...eee...yey...  
Show me the way out of this  
Hey...yey...yey...yey...eee...yey...  
Show me the way out of this  
Hey...yey...yey...yey...eee...yey...  
Show me the way of this hole  
Show me the way out of this hole  
Show me the way out of this hole

Hey...yey...yey...yey...eee...yey...  
Show me the way out of this  
Hey...yey...yey...yey...eee...yey...  
Show me the way out of this  
Hey...yey...yey...yey...eee...yey...  
Show me the way of this hole  
Show me the way out of this hole  
Show me the way out of this hole  
Show me the way out of this
