

Hey You

Day of Fire

Searched for you high and low on endless city streets, from New
York to New Orleans
Over the mountain tops through hills of Tennessee, I've walked
the miles with wounded knee

Yeah... Search lights shining everywhere. Yeah
(The ghost on the water he comes, to save us from all of our own)

Hey You, tell me what you want from me (Hey You)
I'll give you everything you need, I don't want to be lost. I just
want to be loved by you
Hey You, tell me what you want from me (Hey You)
I'm broken and I'm on my knees, I don't want to be lost. I just
want to be loved by you

I've seen the bullets fly for love and liberty, fighting the war
inside of me
My heart has taken sides a battle to believe, the angel armies
carry me

Yeah... Sick and tired of running scared. Yeah
(The ghost on the water he comes, to save us from all of our own)
