

The Dark Hills

Day of Fire

Sittin in the dark shakin in a cold wind dyin to get well keep
trying but I'm broken
A kiss on my lips that use to thrill me, if I go another day it
's gonna kill me
Slipped into a dream woke up in a nightmare scars on my skin do
n't know how they got there
How heavy was the crown of thorns? I wonder if I'm to far gone?

They say Jesus walked the dark hills He broke bread with beggar
s and thieves
If I cry out in this darkness, if I fall down on my knees
If He walks the dark hills, will He come for me? Will He come s
ave me?

Searching for the truth through stained glass windows covered u
p in shame things that only I know
Strike a match and light another candle, raise my hands a sing
a pretty song.
If anybody knew this ugliness inside me would they throw a ston
e would the crucify me?
How Heavy was the crown of thorns? I wonder if I'm to far gone?

They say Jesus walked the dark hills He broke bread with beggar
s and thieves
If I cry out in this darkness, if I fall down on my knees
If He walks the dark hills, will He come for me? Will He come s
ave me?

How Heavy was the crown of thorns?
How Heavy was the crown of thorns?
I wonder if I'm to far gone?
I wonder if I'm to far gone?

How Heavy was the crown of thorns?
How Heavy was the crown of thorns?
I wonder if I'm to far gone?
I wonder if I'm to far gone?

They say Jesus walks the dark hills He breaks bread with beggar
s and thieves
When I cry out in this darkness, When I fall down on my knees
When He walks the dark hills
When He walks the dark hills
When He walks the dark hills
I know He'll come for me.
I know He'll come save me.
