

## Time

## Day of Fire

Watching the clock tick tock away  
Every second sounds the new day  
Always on the rush quick get away  
Sound the alarm for judgement day  
Gotta hurry or be late  
Gotta find the time to make it straight

Do you have the time  
Do you have the time  
Do you have the time to make it  
Do you have the time  
Do you have the time  
Do you have the time to fake it  
Do you have the time  
Do you have the time  
Do you have the time to take it  
Do you have the time to waste away the day

Caught in the line can't stand the wait  
Every minute to hour no delay  
Soon tomorrow becomes yesterday  
Now is the time don't hesitate  
Every minute a mind will be made  
Hit the clock it's time to start the race

Do you have the time  
Do you have the time  
Do you have the time to make it  
Do you have the time  
Do you have the time  
Do you have the time to fake it  
Do you have the time  
Do you have the time  
Do you have the time to take it  
Do you have the time to waste away the day

Don't it feel like there's somethin' that's missin'  
Don't it feel like there's somethin' that's missin'  
Don't it feel like there's somethin' that's missin'  
As time keeps slippin'  
Don't it feel like there's somethin' that's missin'

Do you have the time  
Do you have the time  
Do you have the time to make it  
Do you have the time  
Do you have the time  
Do you have the time to fake it  
Do you have the time  
Do you have the time  
Do you have the time to take it  
Do you have the time to waste away the day

to waste away the day
