

Don't Fight The Feeling

DAY26

Somethin' for the ladies I'm known for my ballads So uh I decided to take it up a couple notches
You heard it once before You gonna hear it again You already know

Tell me
How much you've been anticipating
Now let your body show me how to make good love
Don't have to say a word girl you know it's on, oh yeah (you already know)
Look at the way you move your hips girl it tells me so
Don't even fix your lips just to tell me no
How could you say stop when your body says go
Oh...

Don't tell me, just show
Cause if you say you love me when you touch me you're body should say so
Make you scream oh
Don't ever fight the feeling when you feel it
Don't tell me, just show me
Cause if you say you love me when you touch me you're body should say so
Make you scream oh
Don't ever fight the feeling when you feel it
I already know...

How good it makes you feel when I touch you there
Show me how much you care make it crystal clear
Cause love is just a word unless you wanna share with me, yeah (you already know)
Hey, don't have to spread it all around telling all your friends
Just let your love come down time and time again and again
And you'll see that you don't have to worry
I ain't in no hurry, baby...

I already know what your body feining for girl
Oh, just let me take it slow girl
I already know what your body really needs girl
And when I take it fast I promise I'll have you screaming
Yeah...
