

Imma Put It On Her

DAY26

Yeah boy, bad boy
It's a know brand right here
Day26, when this one right here come
All the ladies gonna rush to the dance floor, please believe
Throw them deuces up and add a six on it
The homie yung j-o-c about to spit on it

Ayo, this bad boy, Day26, joc, they call me Diddy let's go

Doin' my two step off in off in club pure
The girl walks by rockin' christian Dior
We mix it up like juice and liquor
I put it on her, told thow some juicy catoure
F- a backseat let's do it in the pj's
I'm so fly, yeah I know that's so cliché
She's outta breath cause we been cuttin' like the DJ
She's on top of me, beneath me is the freeway

Honey walked up in the club, dress looking like it's painted on
I can tell that she ain't got any panties on (panties on)
But baby that's the way that I like it, yeah
And I know she's from the hood, the way she drop it so hard
Booty bumpin' like the sounds in my car, she should
Let me take it up a notch, get her off the block, take her to my spot
And it's on

I'm a put it on her, I'm a I'm a put it on her
I'm a I'm a put it on her, I'm a I'm a put it on her
I'm a I'm a put it on her, I'm a I'm a put it on her (I'm a put it on her ay
)
I'm a I'm a put it on her (I'm a put it on her ay)
I'm a I'm a put it on her (I'm a put it on her ay)
I'm a I'm a put it on her (I'm a put it on her ay)
I hope she ready cause she about to get it
Look how she move her body, so I'm about to hit it
(I'm a put it on her ay) I'm a put it on her
(I'm a put it on her ay) I'm a put it on her (I'm a put it on her ay ay ay)

She got me in a daze, thinkin' 'bout the ways I'm a get her tonight
I'm a put on her on my stage, let her do her thing, let her play in the mic

She got that swagger, the way she move it like a pro
Love the way she drop and get low, that's why I met her

Cause I gotta get her home
Show her how I do when I put it on
I'm a put it on her yeah

Baby tell me if you ready to go home with me tonight
I got the bed ready girl I'm gonna set you free tonight, tonight

C'mon, c'mon, yeah, let's go, c'mon, c'mon
Ayo fellas, let me get some of this, it's Diddy

Just say the word, I'm a put it on ya
You can say you touch the president Ciroc Obama
I'm a bad boy and that's what bad boys do

Black ice, black coupe, black cars too
Don't tattoo my name, tattoo my logo
And let the whole world know you f-ing with a mogule
You don't need a closet, take you to Taiwan
You can have the whole warehouse, ladies Sean John
And on the 14th I buy the whole island
Name it after champagne and call it crystalin' (Ciroc)
Yeah I knew that have you smilin'
While Day26 will have your ring finger shining

Baby tell me if you ready to go home with me tonight, tonight
You know she comin' with us
