Everything is precious

Makes me think of you whoa

Everything tha's perfect
Everything that's Beautiful
In this world
Makes me think of you and

Ooh... you're like a summer breeze
With sunshine yes you are
Ooh... you're like a star shining bright
At night yes you are
Ooh... you're like a perfect question
Rose girl yes you are Ooh... It all reminds me of you

It reminds me of you...

Like a perfect picture
Just like Mona Lisa
Or a perfect diamond
I'll never let you go... whoa

You're a full bloom garden
At the time of harvest
Like a ray of light
You dime through this whole world and
