

Then There's You

DAY26

I woke up stressin yesterday
I went 2 sleep the same way
1st thing that I saw dis mornin
Was ur face
I think 2day I'll b ok
Thank you baby

Amazing how just one kiss
Makes the drama not exist
& when the walls start closing in
Then ders you
Rescuing me
And when the walls start crumbling
Then ders you
Hey if I aint got nuthin else ders always you

Oooo & ur soothing massage
After I've been workin hard
U cater 2 my needs unselfishly
& in dis crazy world
U r my sanity
I thank you baby

Amazing how just one kiss
Makes the drama not exist
& when the walls start closing in
Then ders you
Rescuing me
And when the walls start crumbling
Then ders you
Hey if I aint got nuthin else ders always you

Ooo shes the only one that knows how 2 calm my nerves
Thank you baby
Ooo how my mind goes
Nobody else knows but her
But her

Amazing how just one kiss
Makes the drama not exist
& when the walls start closing in
Then ders you
Rescuing me
And when the walls start crumbling
Then ders you
