

# I.C.Y.M.I.

Daya

Why you? Why you gotta be so uncool?  
I told you, I didn't want us to continue

But it's like it went in your ear  
And came out on the other side  
I guess you didn't wanna hear  
But now it's time for you to get it right  
In case you missed it or just don't get it  
I'm all the way over you, over you  
In case you missed it, you need to let it go  
And find, baby, find something better to do  
Then calling all night, 'cause I won't call back  
No I don't like, you know I don't like that  
In case you missed it, let me repeat it  
I'm all the way over you, over you

Easy, I tried to make it easy  
To leave me, but I guess you don't believe me

Running, telling all your friends  
We're going on another date  
Something's missing in your head  
And now it's time for you to get it straight

In case you missed it or just don't get it  
I'm all the way over you, over you  
In case you missed it, you need to let it go  
And find, baby, find something better to do  
Then calling all night, 'cause I won't call back  
No I don't like, you know I don't like that  
In case you missed it, let me repeat it  
I'm all the way over you, over you

I don't wanna kiss, I don't wanna talk  
Boy in case you missed it, I don't miss you at all  
So don't send me a text, don't give me a call  
Boy in case you missed it, I don't miss you at all  
I don't wanna kiss, I don't wanna talk  
Boy in case you missed it, I don't miss you at all  
So don't send me a text, don't give me a call  
Boy in case you missed it, I don't miss you at all

In case you missed it or just don't get it  
I'm all the way over you, over you  
In case you missed it, you need to let it go  
And find, baby, find something better to do  
Then calling all night, 'cause I won't call back  
No I don't like, you know I don't like that  
In case you missed it, let me repeat it  
I'm all the way over you, over you

Just in case, you missed it  
I'm all the way over you, over you  
Just in case, you missed it  
I'm all the way over you, over you, over you  
I'm all the way over you, over you, over you
