

Ghost  
Passing through  
faceless fleeting  
Infidel  
Shadows remained  
And all else  
Was cast out with the tide

I dredge the depths  
To find a meaning  
Obscured by time  
I search horizons yearning for answers  
To who I am

Voices  
An echo of the past  
Diminishing  
Leaving silence in your wake

I dredge the depths  
To find a meaning  
Obscured by time  
I search horizons yearning for answers  
To who I am

Dredging the depths  
For meaning  
Obscured by time  
Searching horizons  
For answers  
I'll never find
