

# I Think

## Days of the New

It feels so good outside  
I think i'll stay here (stay here)  
And if you want to die  
I think i'll care  
Same kind of gateway without time  
The rocks are tumbling  
If you want to die  
I think i'll care

I don't want to say  
It happened to me  
I am going away  
I think i'll care

It feels so good outside  
I think i'll stay here (stay here)  
And if you want to die  
I think i'll care (i'll care)  
Same kind of gateway without time  
The rocks are tumbling  
If you want to die  
I think i'll care

I don't want to say  
It happened to me  
I am going away  
I think i'll care

Blame me all you want  
There's nothing i will say  
I can only think  
I will only pray  
Tell me how it is  
Show me how it goes  
I know how you are  
I know how you are

Blame me all you want  
There's nothing i will say  
I can only think  
I will only pray  
Tell me how it is  
Show me how it goes  
I know how you are  
I know how you are

Blame me all you want  
There's nothing i will say  
I can only think  
I will only pray, yeah  
Tell me how it is  
Show me how it goes  
I know how you are  
I know how you are, yeah

It feels so good outside  
I think i'll stay here (stay here)

And if you want to die  
I think i'll care, yea yeah

I don't want to say  
It happened to me  
I am going away  
I think i'll care

I think i'll care  
I think i'll care  
I think i'll care  
I think i'll care  
I think i'll care  
I think i'll care  
I think i'll care  
I think i'll care  
I think i'll care  
I think i'll care
