

## Whimsical

## Days of the New

I can see the orange sky in front of me  
I can see things you'll never see  
People say it's all a fucking dream  
But I can say words you couldn't speak

Is it me  
Can you believe  
You'll never live the world I live  
Is it me  
It is only me  
I can only live a world to live

Break away from you  
Shattered beliefs  
Detaching from my body  
Desperate in grief

I have changed the world in front of me  
One against all  
I'm starving this world

Is it me  
Do you want me  
You think you can have me  
Say you love me  
You want me  
I'm saving my money  
'Cause I don't pay to breathe

I'm not afraid to live  
I'm not afraid to die  
I can only give  
What I see inside

You can only take  
What I give of me  
You can only win  
When I'm not afraid to lose

Subjected to you mother nature  
Limited to the color of your eyes  
Drained by the one you call your lover  
She don't care  
If you live or die

Is it me  
Do you want me  
You think you can have me  
Say you love me  
You want me  
I'm saving my money  
'Cause I don't pay to breathe

I'm not afraid to live  
I'm not afraid to die  
I can only give  
What I see inside

You can only take  
What I give of me  
You can only win  
When I'm not afraid to lose

You can only win  
When I'm not afraid to lose

We all have our problems  
I evolve sometimes  
There are always problems  
But I don't have a problem

I stand above
