

# When You Fall Asleep Tonight

Dayshell

You wouldn't have to wake, I'll learn from my mistakes  
Cause I love you, yes I love you.

Won't you tell me it'll be alright close your eyes and magnify  
Assuming you for assuming me.

Baby it's not too late, caress your lovely face,  
You're my shelter, forever

[x2:]

Won't you tell me it'll be alright close your eyes and magnify  
Assuming you for assuming me.

I never meant to hurt you,  
And I'm so, so, so, sorry

You wouldn't have to wake, I'll learn from my mistakes  
Cause I love you, yes I love you

[x2:]

Won't you tell me it'll be alright close your eyes and magnify  
Assuming you for assuming me.
