

# He Works

DC Talk

Drop it, He works  
On a smooth tip  
Oh come on  
He works  
Yeah

Well I'm a Christian, and you know that's true  
But sometimes things are lookin' blue  
Because I lose sight, and I fall back  
I start chillin' to the wrong kinda rap  
Suddenly I look to see where I am  
I call upon the Lord to give me a hand  
My nature is sin, my flesh corrupt, y'all  
But thank God, things are lookin' up  
'Cause He works

He's workin' on my walk  
And I know He works  
He's workin' on my talk  
And my God, He works  
He's workin' in my life  
And I said, "He works"  
And we will get it right  
Gonna get it right though

In school Monday mornin' at 8 a.m.  
First period and I'm stuck with gym  
Get dressed in the locker room  
And head out the door  
Not quite feelin' like I've felt before  
My boys grab my arm and pull me aside  
"Yo T", "Yo, what?", "It's time ta get high"  
I thought for a second, didn't utter a word  
Looked 'em in the eyes, said haven't ya heard  
About a change in my life

Now I'm free  
Christ took time on a brother like me  
I turned, took a step, as I walked away  
I just smiled, you couldn't help but say  
He works

He's workin' on my walk  
And I know He works  
He's workin' on my talk  
And my God, He works  
He's workin' in my life  
And I said, "He works"  
And we will get it right  
Gonna get it right though

Kick it  
The Lord is in my life  
He works  
God is always working  
He works  
God is always working

He works  
God is always working  
Always workin' always workin'

Now ya know what I'm sayin. when I tell it like this  
Some brothers might ill, in the form of a dis  
But I know one thing that is guaranteed  
Through Christ, I can do anything  
For Him to work in ya life, ya gotta be on track  
Commit ya heart, then live like that  
I guess it does take two to make a thing go right  
But the two that I'm talkin' of is you and Christ  
He works

He's workin' on my walk  
And I know He works  
He's workin' on my talk  
And my God, He works  
He's workin' in my life  
And I said, "He works"  
And we will get it right  
Gonna get it right though

He's workin' on my walk  
And I know He works  
He's workin' on my talk  
And my God, He works  
He's workin' in my life  
And He works  
And we will get it right

He works  
And I know he works  
And my God, He works  
He works  
Oh boy He works  
I said "He works"  
And my Lord, He works  
And my God, He works
