

## Back In My Life

De/Vision

Back in my life  
I used to be so happy  
Don't ask me why  
I became so ugly  
Go back in time  
And try to find the answer  
But don't hope to find  
What is now out of time  
All I see is a stranger who died

Out of the blue  
You break into the silence  
And all that we need me and you  
Is spiritual guidance  
Now I can see  
Our love was always dying  
And today I regret  
All the joy that we had  
All I feel is emptiness instead

I used to be so happy  
I used to be so happy  
I used to be so happy  
Now it's gone, so long

Turn of the tide  
I feel it coming back to me  
Made up my mind  
You will never be close to me  
Back in my life  
I used to be so happy  
Now I'm breaking the back  
Of what is breaking my neck  
All I want is tenderness instead
