Daydreamin'

The wind has called my name You won't find me down again Can you hear the same? Spread your wings and fly away

With you by my side No more to say With no place to hide We run from today With you by my side I won't be afraid Inscrutable night We seize the day

My soul they'll never tame Higher spheres I reached again Do you feel the same? Pack your bag and dream away

With you by my side No more to say With no place to hide We run from today With you by my side I won't be afraid Inscrutable night We seize the day
