

## Drifting Sideways

De/Vision

Fed my eyes on you girl  
Dived deep into your world  
Watched my life go down the drain  
I drew upon myself  
For too long now  
Feels like I'm not your saviour anymore

Will I float here forever and a day  
Drifting sideways  
In a world I'll never understand  
Will I float here foreyer and a day  
Drifting sideways  
I'm dying here like always

Walked the line for you girl  
Almost drowned in your realm  
Watched myself wasting away  
You've been a drag on me for much too long  
Feels like I'm not your saviour anymore
