## **Escape The World**

**De/Vision** 

Wherever you go my friend
One thing I know
You'll never reach the end
No matter how far you fly
Too many reasons why

And maybe you'll try real hard To keep the pace But never leave a trace And maybe you're all alone A long long way from home

Escape the world today
Take the time and chase the fear away
Escape the world today
Lick your wounds and wipe your tears away

Whatever you do my friend Stick to your guns You know it's never done No matter how hard you try It's no secret why

And maybe you're living for The life to come A place where you belong And maybe we're all alone
