

## Foreigner

De/Vision

Coming from the stars  
Into that space  
No healing  
When a lonely heart's displaced  
Left behind  
In a foreign land  
So should he dare  
To reach out his small hand

He's a foreigner  
He will never be same  
A foreigner  
Wants to be from where he came

Coming from the stars  
Into that world  
So far away  
From what he calls his home  
A begging to be free  
To let him go  
A groaning scream  
Surrounding any soul

He's a foreigner  
He will never be same  
A foreigner  
Wants to be from where he came

He's a foreigner...
