

# Get Over The Wall

De/Vision

The glow in your eyes  
Reveals your willingness  
Don't loose your ties  
I want your sweet caress  
Longing for your touch  
Is what I feel inside  
My body missed so much  
That's why i'll give up all my pride

Get over the wall  
Conquer my inmost soul  
Hold me tight if I fall  
Into your tempting hole  
Get over the wall  
Let your feelings flow  
When I hear your call  
I feel my passion grow

You turn black  
Into the brightest white  
You dont keep me back  
When I want to see the night  
There's so much time to sin  
And we can stand it all  
There is so much we can win  
So get over the wall

Get over the wall...
