

# Take Me Over

De/Vision

Take my hand  
Forever yours  
Your wish is my command  
Heart of gold  
Her beauty almost  
painful to behold  
My world's on fire  
Commit me to the flames  
Don't ever leave me  
The flames get higher  
We'll kiss the pain away  
My one desire

Take me over  
Over and over

My world's on fire  
Commit me to the flames  
Don't ever leave me  
The flames get higher  
You suck the pain away  
My one desire
