

## Turn Me On

De/Vision

Every day just feels the same  
Nothing ever happens here  
I lose myself in reverie  
Every once in a while  
Enchain me  
With your gentle kiss  
Artificial and clean  
I lose my tenuous grip on life  
So it seems

Everything I can remember  
Need you here with me  
Your calming words  
Are like a melody

Turn me on  
Bring my blood to run  
Turn me on  
Could you be the one?

Everything I can remember  
Need you here with me  
Your beauty timeless
