

Cresswell Street

Deacon Blue

You take comfort from your window
You take refuge in the sky
You can't bare to see the ocean
Falling, falling

If your
Over there i'm over here
If your
Over there i'm over here

Met you on the street on tuesday
Stood like statues in the snow
Pushed your head back it was melting in your eyes
There was a tear
I don't know

If your
Over there i'm over here
Looking
If your
Over there i'm here
Across the street
If your
Over there i'm over here
