

I Remember Every Single Kiss

Deacon Blue

Forgotten all the names, forgotten all the girls
Forgotten all the chords, forgotten all the words
Forgotten all the barbs, forgotten why they hurt
Forgotten all the guilt, forgotten why it mattered

Summer
Beaches
Sunlight
I remember every single
Corner
Side street
Cold spell
I remember every single kiss

Forgotten all the verbs, forgotten all the rhymes
Forgotten every crook, forgotten every crime
Forgotten every town, forgotten every sign
Forgotten every hack, forgotten every headline

Winter
Frozen
The road home
I remember every single
Pavement
You took me
Touched me
I remember every single kiss

Shadows
Walkway
The old bridge
I remember every single
Garden
In springtime
The bird song
I remember every single kiss
