

## Raintown

Deacon Blue

It's a rain-dirt-town-job hurts, but it don't pay  
All these calls they're making me and driving you insane  
Don't you see don't you understand  
Waiting for the phone to ring to make me all I am  
You're in the suburbs waiting for somewhere to go  
I'm down here working on some dumb show

In a raintown raintown rain down  
On all those tired eyes and tears and frowns  
In a raintown raintown rain down  
On all those days you're not around

It takes a big hearted girl from the north country you can tell  
How you payed those bills and went through heaven and hell  
And you you cried and you travelled and you spat but you never  
asked  
Well how long how long how long is this pain  
You're on for three minutes trying hard to say "hello"  
I'm down here working on some dumb show

In a raintown raintown rain down  
On all those tired eyes and tears and frowns  
In a raintown raintown rain down  
On all those days you're not around

Sitting at home listening to your radio  
Listening for your old friend talking on some dumb show

In a raintown raintown rain down  
On all those tired eyes and tears and frowns  
In a raintown raintown rain down  
On all those days you're not around
