The first thing Sharon I ever learned
Never trust a man with confidence again
The next thing Sharon I'd over heard
The fact he's seeing you again is no coincidence

Cos' Sharon he wants you
And I know he lied
When he says he wants you to be his bride
There's no telling you Sharon cos' god knows I've tried
And what hurts me Sharon, You don't know why, You don't know wh

Yeah its winter now but it was summer then

The next thing Sharon between you and me
Is for you to see and me to believe
Cos' somehow its harder when your far away
Knowing your happy in your own particular way

Cos' Sharon he wants you
And I know he lied
When he says he wants you to be his bride
There's no telling you Sharon cos' god knows I've tried
And what hurts me Sharon, You don't know why, You don't know wh

S.H.A.R.O.N.
S.H.A.R.O.N.
And its winter now but it was summer then

S.H.A.R.O.N.
S.H.A.R.O.N.
And Again, And Again, And Again, And Again

The last thing Sharon I ever wanted was leave you
Broken and permanently haunted
The last thing Sharon I ever wanted was leave you
Broken and permanently haunted

S.H.A.R.O.N.
The last thing Sharon I ever wanted was leave you
Broken and permanently haunted
Sharon
