

# Wild

Deacon Blue

When I come home  
We'll go out  
We'll breathe in our dream again  
And sing out loud  
We'll dare that rain  
Or fires or flood  
To wash us all away  
But nothing could  
And we won't stop every believing  
This world would allow us to leave  
And no one can stand in our way  
We know that the happiest places are

Wild  
Where it's wild  
Wild  
Where it's wild

Do you remember  
When we were young?  
All the days we had ahead of us  
We never saw coming  
The hours we lost  
Just for love  
Won't stop ever believing  
We could be blood  
And we won't stop every believing  
This world would allow us to leave  
And no one can stand in our way  
We know that the happiest places are

Wild  
Where it's wild  
Wild  
Where it's wild  
Wild  
Where it's wild  
Wild  
Where it's wild
