

Dead and Alive

Dead Boys

Caretakers of the streets
Virgins with tainted saviours
Hippies hustling chump change
Don't know the days from the night

[Chorus:]
Dead and alive ain't breathing I'm
Dead and alive feeling so damn
Dead and alive

Being a servant by day
Smiling and stroking my way
I get my lovin' outta magazines
But keep your hands off a me

[Chorus]

Murder takes a city's night
Feeding it's wanton flame
Come excite the streets with me
But don't cha ask my name

[Chorus]
