

## I Made It

Dead by April

Gone are the flames gone are the tears and pain that  
Burned me that hurt me  
Some days I could burn me and just still I knew I stood  
never too far from you

Look at me now, I made it  
See my hope now, I made it  
Reaching things now I never thought possible  
Here I am now, I made it.  
Here is my life, my true dream

I am not afraid even through the darkest moments i  
never gave up  
In my mind what am reaching for a coming closer i do  
never gave it up  
(I never gave it up)

Look at me now, I made it  
See my hope now, I made it  
Reaching things now I never thought possible  
Here I am now, I made it  
Here is my life, my true dream

I felt you in me.  
(I felt you in me)  
I saw you in me.  
(I saw you in me)  
I never gave up.  
(I never gave it up)

Look at me now I made it  
look at me now I made it  
Here my now I made  
It look at me now I made it  
See I have now made it  
Reaching things now I never thought possible  
Here I am now, I made it  
Here is my life, my true dream
